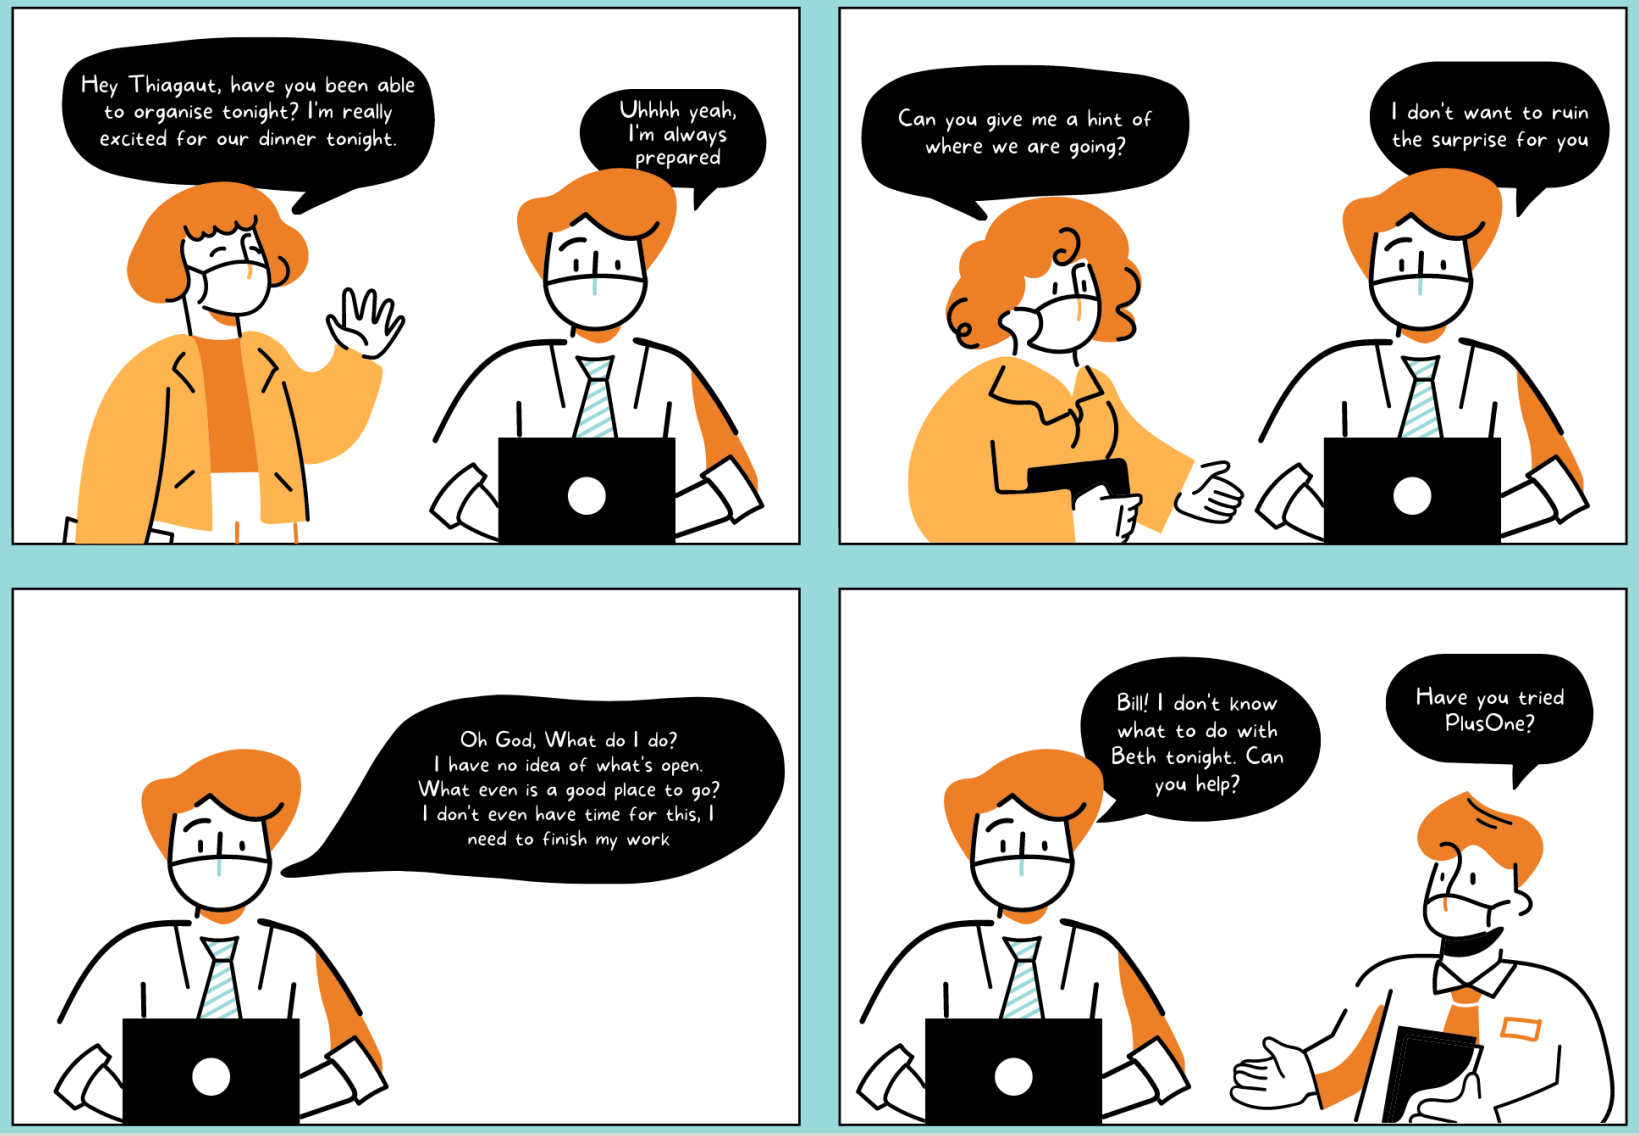
GOING OUT GRIEF



Problem

Lockdown & Isolation

- Increases to calls from lifeline
- Reported loneliness of 22%

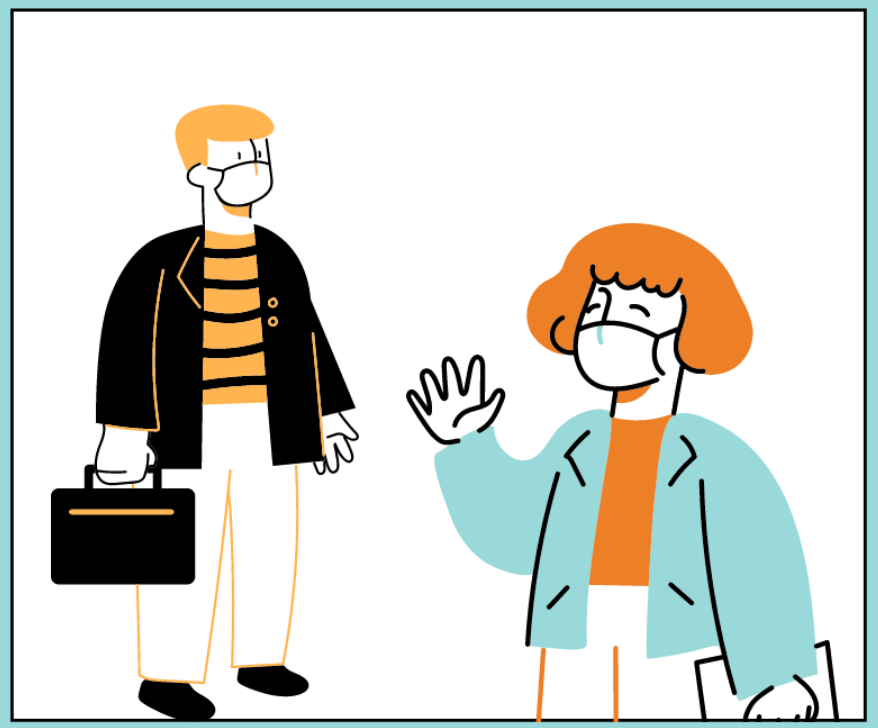
Government Restrictions

- Fall of revenue of 18.1% for pubs/bars, 15% for restaurants and 75% for theatres/concert halls

Australians are too Busy

- Unpaid overtime of 3.2 billion hours
- 134 million of accrued annual leave

Our Solution

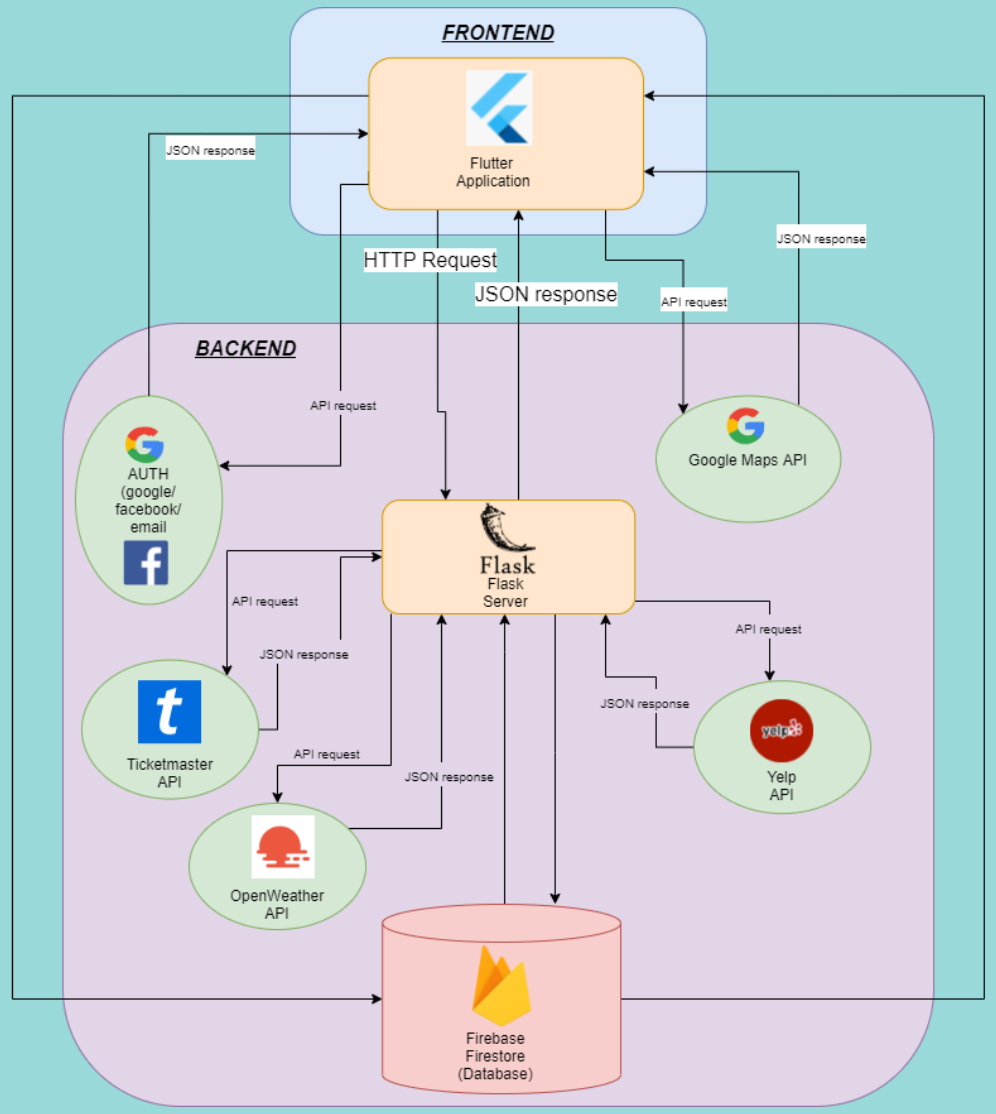


- PlusOne automatically generates a recreational agenda
  - Based on user inputs and preferences

- Targets busy users and people that don't like organising outings
  - Anyone can use the app – couples, friends, tourists, restaurant connoisseur and so on

---

- Ease of planning
  - Makes going out a simple, enjoyable and exciting experience
  - Promotes going out

Software Architecture


- Consists of:
  - Flutter application
  - Firebase database
  - Flask server
  - Languages – Dart, Python
  - API's – Ticketmaster, Yelp, OpenWeather, Google Maps and Google/Facebook logins
